## Introduction

### **Judy Fraser**

Chairperson, Shetland Ladies Netball Association

Welcome to Orkney for the 33<sup>rd</sup> Annual Inter-County Match.

Our domestic season is now coming to an end with our 3 divisions going to the wire. Team Rowley and Loungers are neck and neck in division one with Artic Security and Ness battling it out for top spot in division 2, whilst in the 3<sup>rd</sup> division Team Tingwall, Hotfooters and Challengers are all contenders for the title.

Shetland entered a team in the Scottish Cup this year after taking a year away from the competition during the 2012/2013 season. Well done to the girls who made it through the qualifiers and then met Edinburgh Onyx in the quarter final, they gave the top Edinburgh team a good run for their money, finally losing 55 -45.

### **Michelle Clouston**

Chairperson, Netball Orkney

On behalf of Netball Orkney I would like to thank Shetland Ladies Netball Association for hosting the 33<sup>rd</sup> Senior Inter-County Netball Matches.

This annual fixture still remains one of the highlights of Netball Orkney's calendar, with places and positions fiercely contested. This year, Orkney are sending up a squad of 18 players who have been training hard for the last few months. There have been many changes since 2013, 'B' team players making the transition to the 'A' team, familiar faces returning after a few years absence and a few of our junior players earning their first Senior Cap.

Netball Orkney would like to thank Karen Burns and Evie Donaldson for dedicating so much of their free time to help the squad by selecting teams, coaching or umpiring.

## Orkney Team

## Introduction

### Vicki Henderson

Chairperson, Shetland Junior Netball Development Group

The Shetland Junior Netball Development Group is celebrating its tenth anniversary this year with the successful U13 and U15 local leagues being as closely fought as ever, bringing together hundreds of junior players from all across Shetland.

With eight coaches successfully achieving their UKCC Level 2 coaching qualification last year these coaches have taken on the coaching of the U15 and U17 district squads, established in 2012 and the newly established U13 district squad this year.

The U13 Shetland team entered the Scottish Youth Cup for the first time this year with their two first round matches against Bridge of Earn and Perth. Shetland came out victorious against Bridge of Earn but Perth proved to be too strong for Shetland winning the second match. With Shetland needing to win both matches to progress this saw Shetland knocked out of the competition but for a first performance the team can be very proud of themselves showing a lot of potential for the future.

Thanks must go to Arctic Security for sponsoring the new U13's strip.

In addition the U13 squad and younger members of the U15 squad will be travelling to Orkney in April to attend a tournament which the lasses look forward to every year.

The U15 and U17 teams will be travelling south next weekend to play some competitive matches against teams in Aberdeen.

This year we had seven players selected to train as part of Netball Scotland's North Development Centre attending training on the mainland every month.

Junior netball in Shetland over the last ten years has seen some major changes and progression which we hope to build on for years to come.

Thanks must go to the committee and all the coaches and volunteers that help out at the local tournaments and training and that go away on trips south.

Thanks also to Serco Northlink Ferries for their continued support through the sponsorship scheme and the Shetland Islands Council for their support through the grant scheme.
